

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

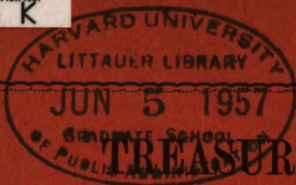

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

REPORT  
OF THE  
County Commissioners  
OF THE  
COUNTY OF PLYMOUTH  
FOR THE YEAR  
1898.

## REPORT OF COUNTY COMMISSIONERS.

---

The County Commissioners in compliance with the requirements of Chapter 153, Acts of 1897, submit the following report :

In the last annual report they endeavored to show the amount of money expended under each item of appropriation as well as the authority for such expenditures, giving also the title of different persons authorized to pass upon and approve bills against the county. There seems to be no need of a repetition of this and so they will confine themselves in this report to fewer subjects, referring to the carefully prepared report of the County Treasurer for specific details.

### REDUCTION OF THE COUNTY DEBT.

There was due from the County to the Commonwealth on the first of January, 1898, on account of State Highway construction the sum of \$28,932.58, and on account of Registry of Deeds and Court House construction to the Commonwealth \$20,000; to the Salem Savings Bank \$40,000; and to the South Boston Savings Bank, \$20,000. There has been paid during the year to the Commonwealth on account of Highway Construction the sum of \$11,785.56, (not including interest), and on its other loans the sum of \$10,000. But there has been added to the liabilities of the County, on account of State Highway construction during the year the sum of \$6,952. The interest bearing indebtedness being now \$14,576 less than on January 1st., 1898. In the list of estimates for 1899 as prepared by the Commissioners amounting to \$109,000, the item for the payment of State highway indebtedness is \$18,000. If the Legislature

approves of this, the amount remaining due on the State Highway account will be small.

#### REPAIRING, FURNISHING AND IMPROVING COUNTY BUILDINGS.

The largest item of expense under this appropriation was that for repairs on the House of Correction, amounting to twelve hundred and eleven dollars and eighty-five cents. This was an unexpected but a necessary expenditure caused by a defect in the structure of the brick wall and chimney. All work in repairing County buildings has been done by the day. No liabilities have been incurred in the construction of new buildings.

#### HIGHWAYS, BRIDGES AND LAND DAMAGES.

Of the highways altered by the County Commissioners during the year 1898 none have, we think, been completed. No private ways have been laid out. No betterments have been estimated or awarded under any decree issued in 1898, but before issuing the one under petition of C. L. Stevens and others of Rockland, the Commissioners required the Bridgewater, Whitman and Rockland Street Railway to deposit with the County Treasurer the sum of \$1,100, this being the sum of the awards made under this petition. The alteration of this way was an acknowledged benefit of the electric road, and by its attorney it expressed its willingness to bear the cost of the alteration. There are no suits pending in relation to damages occasioned by the laying out of highways in 1898. The County paid to the town of East Bridgewater during the year under an order of the County Commissioners the sum of four hundred and fifty dollars, and to the town of Pembroke the sum of three thousand dollars as a part of the expenses incurred by said towns in the construction of highways altered in said towns by the County Commissioners during the year 1897. There have been allowed during the year special sums to the per-

sons hereinafter named on account of land damages wherever the highways were altered in 1898 or previous thereto.

## HIGHWAYS, BRIDGES AND LAND DAMAGES.

The following is a synopsis of what has been done under petitions during the year:

On the petition of the Selectmen of Plymouth for authority to lay out a town way across the Plymouth and Middleborough Railroad in Plymouth, and not at grade, after hearing, the prayer of the petitioners was granted.

On the petition of C. L. Stevens and others for the widening of a part of West Water Street in Rockland, after hearing and a view, the prayer of the petitioners was granted, and an award of eleven hundred dollars was made to Elbridge Payn, Henry S. Payne and Maria J. Payne for land taken, which amount was refunded by the Bridgewater, Whitman and Rockland Street Railway Co.

On the petition of Edwin Mulready and others for alterations of portions of the highways in Rockland and Abington known as Market street, Spring street, Center street, Central street, Washington street, and Bedford street, upon hearing and view, the prayer of the petitioners was granted, and the following awards for land damages were made:

Owners of land taken for said alterations were given until November first, 1898, to remove all obstructions, and the inhabitants of the towns of Abington and Rockland were

ordered to construct and make safe said highways and to the acceptance of the County Commissioners on or before June first, 1899.

On the petition of Eugene L. Stevens and others for alteration of a highway in West Wareham, after hearing and a view, the prayer of the petitioners was granted and the following awards made for lands taken :

Thomas W. Gault,	\$22.00
Thomas Maddigan,	25.00

Clarence L. Seaver,	27.00
Watson M. Hudson,	23.00
John Hennessey,	3.00
Freeman B. Keyes,	7.00
Wareham Bank,	60.00

Owners of land taken for said highways were given until April first, 1899, to remove all obstructions, and the in-

habitants of the town of Wareham were ordered to construct said way and to make the same safe for public travel and to the acceptance of the County Commissioners before the first day of June, 1899.

On the petition of M. C. Bailey and others for the alteration of a portion of Washington street in Hanover, after hearing and a view, the Commissioners decided to locate said highway as prayed for, and made the following awards for land taken:

Morgiana C. Bowers,	\$ 1.00
Samuel H. Church,	11.00
Robert Sylvester,	168.50
M. Robert Sylvester, Eliza S. Sylvester, Lydia S. Fuller, and

Robert Sylvester, Jr.,	10.00
Sarah E. Allen,	2.00
David B. Ford sustains no damage.	
John B. Bates and Henry S. Bates,	6.50

Owners of land taken were allowed until November first, 1898, to remove all obstructions, and the inhabitants of the town were ordered to construct said way to the acceptance of the Commissioners before the first day of December, 1899.

Of the highways ordered to be built in 1897 and which had not been entered upon for the purposes of construction at the beginning of the year, no petition has been received, whereby the Commissioners have been obliged to execute their own decree, except in the case of the alteration of the King's Highway in the town of Rochester, described in the

report of 1897, under petition of John T. Pierce, *et ali*. In this case, the Commissioners issued a call for bids for constructing that part of the way within the town of Rochester, and after due notice and a hearing, a contract was made with L. B. Pratt of Middleborough, he being the lowest bidder, to construct the same on or before the first day of June, 1899, for the sum of \$1,074.00.

Upon the petition of James W. Baker and others of Wareham for specific repairs upon the highway leading from Onset Bay to Buzzards Bay, the petition was dismissed, the necessities having been otherwise provided for.

Upon petition of Lot Phillips and others for specific repairs upon the highway in Scituate leading to Scituate Harbor, the petition was dismissed, the town authorities having made all necessary repairs.

Upon the petition of Enos M. Stoddard and others for the discontinuance of the new lay-out of Spring street in Marshfield, the petition was dismissed, the Commissioners failing to see that any *public* convenience would follow the discontinuance of a lay-out so recently and deliberately made. Nor could they see how an engineer could improve upon his original plan, to say nothing of what expense might follow any change.

On the petition of George Sampson and others of Marshfield for the laying out of a town way at Green Harbor, Marshfield, the Commissioners were of the opinion that it was a case in which the town should act, and therefore dismissed the petition.

On the petition of Stephen D. Hadley and others of Marion for the laying out of a townway and a county way in said town, the Commissioners ordered the town to make a record of a partial layout made by the town, and also laid out a portion of the way as asked for by their petition. The parties whose lands were taken, claimed no damage, and therefore no awards were made.

Owners of land taken were given until December first, 1898, to remove all obstructions, and the town of Marion was ordered to construct said way or ways and make the same safe and convenient for the public travel, and to the acceptance of the Commissioners before the first day of June, 1899.

Upon the following petitions, hearings have been given and views made, but no decrees have been issued, viz.:

Samuel P. Gates and others for alteration of highway and bridge across the Taunton river at Titicut in the towns of Bridgewater and Middleborough.

J. Williams Beal and others for a new highway and bridge across the North River, in the towns of Norwell and Marshfield.

Henry Norwell and others for a new highway at North Scituate.

John Curran and others for a new highway at Scituate Harbor.

Levi P. Morton and others for widening of Sandwich street in Plymouth.

William L. Fairbanks and others for locating anew a part of Washington street in Whitman.

F. D. Childs and others for alteration of Plymouth street in Whitman.

Orson M. Arnold for the laying out of a townway in Duxbury.

#### FOR STATE HIGHWAYS.

The County Commissioners have made no application to the Massachusetts State Highway Commissioners. They transcribe a tabulated report of said Commissioners, showing what highways have been laid out within the County by them and what have been completed. While this table is in part a repetition of what was given last year, yet it will not, we think, prove uninteresting.
